

No other motor oil Compares to Royal Purple®

ROYAL PURPLE® SYNTHETIC OIL

Increases Horsepower

Race proven. You'll immediately notice a substantial increase in horsepower and torque.

Better Fuel Economy

Better lubrication lets engine parts run with less friction, which significantly increases fuel economy.

Keeps Engine Clean

Advanced synthetic solvency thoroughly cleans engine deposits. Cleaner engines simply perform better.

Reduces Exhaust Emissions

Enhances the efficiency of your engine so it burns cleaner.

Better Wear Protection

In tests designed to measure an oil's ability to prevent wear under load, Royal Purple® tested 500 percent better than other leading oils.

Beats Conventional Oils Hands Down

In tests to measure oil breakdown, Royal Purple® significantly outperformed leading brands. Corrosion protection was substantially better than ASTM D-130 requirements.

Exceeds Manufacturers' Warranties

Royal Purple® is API Warranty Approved so it meets or exceeds the requirements of manufacturers' new car warranties.

Recommended for all petrol and diesel engines.
